

SAHS 2nd NextGen Virtual Spring School

Thursday, 12 October 2023

08:00 - 17:00 (South African Time)

Hypertension and Circulatory Health: A Focus on Prevention and Treatment

PROGRAMME

08:00	Welcome & Introduction	Ruan Kruger Potchefstroom, SA
08:10 - 09:00	Plenary Session 1	- otenerotroom, on
08:10	Chairs: Prof Nash Ranjith & Prof Lebo Gafane-Matemane Challenges and solutions to accurately measure blood pressure	Alta Schutte Sydney, Australia
08:35	Gut microbiota and hypertension	Francine Marques Melbourne, Australia
09:00 - 10:30	Moderated abstract session	
09:00	Chairs: Prof Angela Woodiwiss & Prof Carina Mels Identifying a urinary peptidomics profile for hypertension in young adults: The African-PREDICT study	Dalene de Beer
09:15	Impact of uromodulin concentration on renal and haemodynamic parameters in a community of African ancestry with a high prevalence of hypertension	Aaliah Charles
09:30	Marked increases in proximal aortic characteristic impedance and hence forward wave pressures beyond brachial blood pressure in patients with angiographic proven coronary artery disease	Danelle Els
09:45	CYP3A5 genetic variation on susceptibility to resistant hypertension among African hypertensive patients	Jonathan Katsukunya
10:00	The absence of circadian misalignment effect on cardiometabolic parameters in a rat model of estrogen deficiency	Refentshe Nthlane
10:15	Reliability, usability and identified need for home-based cardiometabolic health self-assessment during the COVID-19 pandemic in Soweto, South Africa	Andrea Kolkenbeck-Ruh
10:30	Tea break	
11:00 - 12:15	Plenary Session 2	
11:00	Chairs: Prof Ruan Kruger & Dr Vernice Peterson Primary hypertension in the young	Empar Lurbe
11:30	Research ethics in the use of artificial intelligence	Valencia, Spain Jacques Ludik
11:55	Panel discussion: Precision vs traditional medicine in SA: Are we left behind?	Cape Town, SA Faculty
12:15	Lunch break	
12:15 13:15 - 14:15	Lunch break Plenary Session 3	_
	Plenary Session 3 Chairs: Prof Carina Mels & Dr Meagan Dudley New insights to the role of the kidneys in primary	Lebo Gafane-Matemane Potchefstroom, SA
13:15 - 14:15	Plenary Session 3 Chairs: Prof Carina Mels & Dr Meagan Dudley	Potchefstroom, SA Nash Ranjith
13:15 - 14:15 13:15	Plenary Session 3 Chairs: Prof Carina Mels & Dr Meagan Dudley New insights to the role of the kidneys in primary hypertension	Potchefstroom, SA
13:15 - 14:15 13:15 13:35	Plenary Session 3Chairs: Prof Carina Mels & Dr Meagan DudleyNew insights to the role of the kidneys in primaryhypertensionCardiorenal protective mechanisms for SGLT2 inhibitorsMay Measurement Month in Southern AfricaModerated abstract session	Potchefstroom, SA Nash Ranjith Durban, SA Angela Woodiwiss
13:15 - 14:15 13:15 13:35 13:55	 Plenary Session 3 Chairs: Prof Carina Mels & Dr Meagan Dudley New insights to the role of the kidneys in primary hypertension Cardiorenal protective mechanisms for SGLT2 inhibitors May Measurement Month in Southern Africa 	Potchefstroom, SA Nash Ranjith Durban, SA Angela Woodiwiss
 13:15 - 14:15 13:35 13:55 14:15 - 15:30 	Plenary Session 3Chairs: Prof Carina Mels & Dr Meagan DudleyNew insights to the role of the kidneys in primaryhypertensionCardiorenal protective mechanisms for SGLT2 inhibitorsMay Measurement Month in Southern AfricaModerated abstract sessionChairs: Prof Ruan Kruger & Dr Vernice PetersonAortic haemodynamics in patients with heart failure and the	Potchefstroom, SA Nash Ranjith Durban, SA Angela Woodiwiss Johannesburg, SA
